Paul,
Sorry I missed you on Friday. I see that you sent both clean copies and track changes versions of the updated documents for 20-SW. I have another draft permit that I'm working on currently-I'll get to this once I complete that review. If you need to discuss anything else, please let me know.

Additionally, I don't know if you heard, but the finalization date of the 2020 EPA MSGP has been extended from November 2020 to January 15, 2021.

Thanks,
Liz

I have documents to re-send and wanted to touch base on how to do it. Do you have some time after 4pm?
